THIRD REQUEST FOR RETURN OF PTO-FORM 1449

Sir:

Applicant notes with appreciation the Examiner's return of an initialed copy of the Form PTO-1449 submitted with the Information Disclosure Statement of June 19, 2002. It is noted, however, that the Examiner did not initial the "Other Document" listed on that Form PTO-1449, a copy of which was supplied with the Information Disclosure Statement. It is believed that the Examiner lined through that document inadvertently because that document was properly submitted and the Examiner's line-through is of the type made when no documents are listed. For the Examiner's reference a copy of the partially initialed Form PTO-1449 is attached together with a new Form PTO-1449 listing the "Other Document" filed June 19, 2002. It is respectfully requested that the Examiner now initial the listed "Other Document" so that the undersigned's records are complete and so that the printed patent accurately reflects the documents actually considered in this case.
